DryDreams Sleepwear - The Gift Of A Good, Dry Night's Sleep

Description: Night Sweats, whether brought on by medical treatments or menopause, plague millions of women throughout the world. DryDreams Sleepwear, founded by breast cancer-survivor Anne Best, set out to provide women with a dry night's sleep without sacrificing comfort or style.

With their scientifically developed, proprietary wicking material that is at once functional, fashionable and silky soft, women can now enjoy a good, dry night's sleep.

Working with some of the most prominent fabric technicians in the industry, DryDreams Sleepwear melds a silky soft weave with the latest innovations in sweat-wicking fabrics to create an elegant, truly unique sleepwear line. Available in sizes to fit most every woman, DryDreams offers a wide variety of wrinkle-free, machine washable styles including their signature, full-coverage nightgown, a sophisticated sleeveless nightgown, a soft, lightweight pajama set, a refined yet flirty Cami gown, a spirited Cami P.J. set and even fresh, contemporary pillow cases. The garments are easy to care for, durable and inhibit 99% of odor-causing material.
